

# Lista de medicamentos de receta

Horizon NJ Health quiere asegurarse de que usted reciba la atención médica que necesita. Generalmente, esa atención médica puede incluir **medicamentos de venta con receta**.

La mayoría de los medicamentos de receta y de venta libre (sin receta) están cubiertos para que usted los pueda adquirir a bajo costo o sin costo alguno, siempre que su médico los recete y se encuentren en nuestro **Formulario**. Un comité de médicos y farmacéuticos revisa la lista de medicamentos de nuestro formulario para garantizar que estos sean seguros y eficaces. Si su médico decide que usted requiere un medicamento que no está incluido en la lista de medicamentos de receta (formulario), o si su medicamento requiere aprobación previa, lo cual incluye una excepción para medicamentos de marca, puede llamar y solicitar una autorización especial para ello. Su médico puede llamar al Departamento de Farmacia de Horizon NJ Health al **1-800-682-9094**. Para encontrar una farmacia que se encuentre cerca de usted, visite nuestro Directorio de proveedores accediendo a [horizonNJhealth.com](http://horizonNJhealth.com) o llame a la línea gratuita de Servicios para los Miembros al **1-800-682-9090**. Las personas con problemas auditivos y del habla pueden llamar a nuestro servicio TDD/TTY al **711**.

- El **Formulario** es una lista de medicamentos autorizados y cubiertos por Horizon NJ Health.
- Sus recetas pueden surtirse en cualquier farmacia participante.
