### Submitting Claims via Provider Web Portal

Providers may submit claims directly to Horizon NJ Health through the Provider Web Portal at [pwp.sciondental.com](https://pwp.sciondental.com). Submitting claims via the web portal has several significant advantages:

- The online dental form has built-in features that automatically verify member eligibility, pre-fill the claim form with member information, and make data entry quick and easy.
- The online process allows you to attach and send electronic documents as part of submitting a claim—**for no charge**.
- Before submitting a claim—or before rendering services—you can generate an online claim estimate to find out how much you are likely to be paid or whether your claim may be denied — and the reasons why.
- Claims enter our benefits administration system faster—which means you receive payment faster.
- As soon as a claim is paid, its status is instantly updated online, and a Remittance Report is available for review.

If you have questions about submitting claims online, attaching electronic documents, or accessing the Provider Web Portal, call the Electronic Outreach Team at **1-855-434-9239**

# Prior Authorization

To confirm Horizon NJ Health's receipt of a Prior Authorization request, precertification must be obtained prior to an elective or non-urgent admission or before services that require precertification are rendered. This is the procedure for obtaining prior authorization:

1. Call Utilization Management (UM) Department at **1-800-682-9094** (for dental and behavior health providers, see UM contact information below) a minimum of five business days prior to the procedure. Failure to notify UM within a minimum of five business days may result in the delay or denial of the procedure. Staff is available 24 hours a day to receive requests. Staff can send outbound communication regarding UM inquiries during normal business hours, unless otherwise agreed upon. Staff is identified by name, title and organization name when initiating and returning calls regarding UM issues.
2. Horizon NJ Health will check the member's eligibility and benefit coverage and request the following information:
  - A. Member ID number
  - B. Member's name, address and date of birth
  - C. Specific clinical information, such as diagnosis, severity, supporting evidence of diagnosis and planned treatment
  - D. Member's designated contact
3. Critical clinical information is required prior to authorization. Examples of critical elements include, but are not limited to, history of presenting problem, clinical exam and diagnostic test results, operative and pathological reports, treatment plan, progress notes and consultations. If critical elements of review are not obtained, an administrative denial will be issued.

After the required information is gathered, the UM Department will discuss the plan of treatment with the provider or provider's representative. The discussion involves subjective and objective findings and clinical assessment. The provider may be asked to submit additional information for review by a Horizon NJ Health medical director.

4. The UM Department uses nationally recognized criteria in the certification process. If the criteria are met, the UM Department will inform the provider or provider's representative that the admission or service has been certified.
5. As soon as the admission or plan of treatment has been certified, Horizon NJ Health will fax a notification to the PCP, referred provider and the hospital or facility. The referring provider will be given an authorization number via a faxed letter. The member will be notified via mail.

Precertification is valid only for the dates requested. Concurrent review and discharge planning will be conducted via telephone by Horizon NJ Health staff for all inpatient admissions.

**Important note: Prior to providing care for services requiring precertification, call the Horizon NJ Health UM Department to verify that a prior authorization has been obtained.**

To check status of Prior Authorization and/or changes to the Prior Authorization, go to [NaviNet.net](https://navinet.net). If a response for a Prior Authorization request for non-emergency services is not received within 15 days call **1-800-682-9091**.

Dental providers can submit authorization requests at [SKYGENUSA.com](https://skygenusa.com)

## Coordination of Benefits (COB)

### *Frequently Asked Questions*

#### **1. What is the contact number for questions related to COB?**

Call Provider Services at **1-800-682-9091**.

#### **2. If a member is dually eligible or has a Third Party Liability (TPL) policy how often does the provider have to submit a denial from Medicare and/or the TPL insurer?**

Horizon NJ Health will document receipt of notices that the member's primary carrier does not cover a service or that the service is exhausted. No additional notices will be required until the anniversary date of the member's policy with that other insurer. Annually, on or after the anniversary date, the hospital, physician or health care professional must provide notice again that the service is exhausted or not covered by the primary carrier.

#### **3. Does the Provider submit the denial from the Medicare and/or Commercial Insurance provider electronically or hard copy?**

A hard copy of the denial letter should be submitted.

#### **4. If the explanation of benefits (EOB) denial can be submitted in hard copy what is the address for submission?**

Horizon NJ Health Claims Processing Department  
PO Box 24078  
Newark, NJ 07101-0406

#### **5. How do providers track progress of paper copies of the EOB for individual members?**

Upon receipt of payment and/or an EOB, providers must submit applicable claims to Horizon NJ Health for consideration of deductibles, copayments and coinsurance amounts.

Horizon NJ Health reimburses after COB and only up to the primary contracted rate for the service. The claim and the primary insurer's EOBs must be submitted within 60 days of the date of the EOB or within 180 days of the dates of service, whichever is later. When preparing the claim, include a complete record of the original charges and primary (or additional) payor's payment as well as the amount due from the secondary or subsequent payor.

Submit all pages of the primary (or additional) insurer's EOB to avoid delays in completing claims due to missing information or coding and message descriptions. This information ensures accurate COB. With the exception of Medicare, Horizon NJ Health's notification policies that are routinely applied and required must be followed for any claims to be considered for payment.

**IMPORTANT – All COB claims must be submitted with a copy of the EOB from the primary insurer.**

**6. What is required for Providers to submit to the Managed Care Plan if member has Medicare and/or Commercial Insurance and the Provider does not participate in the Medicare and/or Commercial Network?**

Horizon NJ Health requires an EOB stating that the service is not covered.

**7. Who do providers contact for technical assistance regarding claims submission and coordination of benefits for dually eligible members and members with Commercial Insurance?**

- EDI Technical Support: **1-800-556-2231**
- COB claims support: **1-800-682-9091**

**8. What is the contact for Nursing Facility Providers to address questions regarding 835?**
