

The only time you should get a bill from a doctor is when you have:

- Been treated for a service not covered by Horizon NJ Health.
- Sought care from a non-participating doctor without an authorization from Horizon NJ Health
- Received a service not covered by the NJ FamilyCare program.
- Not paid your NJ FamilyCare copay when services were delivered.

In these cases, you will be responsible to pay the entire cost of the service (except in cases where only a copay is due) and must make payment arrangements directly with the doctor.

In all other cases, you should not get bills for any covered medical services. Please note that this does not apply to copays or deductibles required for certain NJ FamilyCare C and D members.

If you receive a bill for any covered medical service, call Horizon NJ Health's Member Services Department about the bill. Member Services may ask you to send the bill to:

Horizon NJ Health
Member/Provider Correspondence
PO Box 24077
Newark, NJ 07101-0406

NJ FamilyCare C and D members must pay any required copays.

This is to remind you that DMAHS has the authority to file a claim and lien against the estate of a deceased Medicaid client or former client to recover all Medicaid payments for **services received by that client on or after age 55. Your estate may be required to pay back DMAHS for those benefits.**

The amount that DMAHS may recover includes, but is not limited to, all capitation payments to any managed care organization or transportation broker, regardless of whether any services were received from an individual or entity that was reimbursed by the managed care organization or transportation broker. DMAHS may recover these amounts when there is no surviving spouse, no surviving children under the age of 21, no surviving children of any age who are blind, and no surviving children of any age who are permanently and totally disabled as determined by the Social Security Administration. This information was previously provided to you when you applied for NJ FamilyCare.
